**Position:** Full time; 10-month  
**Hours:** Flexible  
**Start Date:** ASAP  
**Pay:** Negotiable based upon experience  

**Description:** The position of school psychologist is responsible for the administration of individual psychological tests and assessments to students, aged 5 to 14. This individual will work collaboratively in a professional learning community with teachers, staff, and other personnel to support the academic, behavioral, social, and emotional growth of the student body.

**Duties and Responsibilities:**
- Perform comprehensive evaluations and re-evaluations using psychometric assessment tools  
- Collaborate with teachers and other staff members to obtain relevant information  
- Manage the associated compliance dates and generate the necessary paperwork  
- Identify and provide solutions for student needs to maximize success  
- Meet with parents and teachers to discuss learning, behavioral, familial, and/or social problems  
- Work directly with school staff to ensure understanding of evaluation results

**Experience and Skills Required:**
- Certification in Pennsylvania as a School Psychologist  
- At least one year of related work experience  
- Ability to work well with a diverse group of students, staff, and other professionals  
- Willingness to maintain the highest level of confidentiality  
- Flexibility and excellent time management skills  
- Familiarity with Multi-Tiered System of Supports (MTSS)  
- Understanding of behavioral intervention strategies
